## Key Points for San Mateo County

The San Mateo County STD/HIV Program experienced a decrease in Ryan White Part A funding (\$6,138) after having received the \$7 increase in fiscal year 2015-2016. From Fiscal Year 2011-2012 through 2016-2017, we have experienced a decrease of 42.6% (\$874,318).

San Mateo County continues to see an increase in new clients seeking Ryan White and HOPWA funded services. During Ryan White Part A fiscal year 2015-2016, 71 new clients accessed services. Ten clients died during the reporting period.

The Affordable Care Act continues to impact Ryan White funded service categories. San Mateo County began screening clients for LIHP as of October 1, 2011. LIHP funded services included medical care, psychiatric services, and outpatient and residential drug treatment. These LIHP clients transitioned to Medi-Cal as of January 1, 2014. Also, Medi-Cal began to cover many dental procedures again as of May 2014.

Due to a majority of clients now having another payor source for these covered service categories, San Mateo has re-allocated Ryan White funding to different service categories. With this re-allocation of funding, San Mateo added a new service category last year; Early Intervention Services (Outreach). This additional category allowed us to expand our Linkage to Care/Retention services beyond the small amount of Minority AIDS Initiative funding we receive from CDPH—OA and expand Linkage to Care/Retention services to all clients.

San Mateo offers PrEP services at the Edison Clinic. Referrals come from other providers, the HIV Prevention team, STD Clinic and patient self-referrals. Information and protocols for PrEP are available on the website at <http://www.smchealth.org/general-information/pre-exposure-prophylaxis-prep>

**¿Cómo obtengo la PrEP?**

La profilaxis de preexposición o PrEP (por sus siglas en inglés) esta disponible solamente por receta médica. Visite a su médica, para decidir si la PrEP es una opción para Usted.

**¿Cómo pago por la PrEP?**

Si Usted tiene aseguración médica privada, llame a la compañía de su seguro para preguntar sobre cobertura de PrEP. Muchos de los seguros privados cubren la mayoría ó todos los gastos de la PrEP. Si Usted cuenta con Medi-Cal o ACE el costo de PrEP esta completamente cubierto. Llame a su doctor para hacer una cita. Si no tiene un doctor, llame a la clínica Edison del Condado de San Mateo al: (650) 573-2385.

**¿Cómo puedo obtener más información sobre la prevención del VIH y las ETS?**

La única manera de saber si Usted está infectado con el virus de inmunodeficiencia humana (VIH) es haciéndose un examen. Saber si está infectada con el VIH ayudará a evitar que otras personas se infecten.

Para una prueba confidencial, llame hoy a nuestro equipo móvil y haga una cita para que le proporcionen una prueba del VIH: (650) 619-9125.

## San Mateo County HIV Community Board

The San Mateo County HIV Program Community Board is made up of 10 full-time members. Members include HIV-positive consumers, HIV-positive non-consumers and HIV-negative community members. There are also non-members who regularly attend the meetings. These individuals include staff from Ryan White and HOPWA contract agencies, 4 members of the Youth Commission, 1 member of the Commission on Aging and an aide from Supervisor Warren Slocum's office. The Community Board meets as a full board quarterly, with the Executive Committee meeting one of the two months in between. All agendas, minutes and presentations can be found at <http://www.smchealth.org/boards-commissions-initiatives-stdhiv-community-board>

## San Mateo County Prioritization Process

During the April 2016 full board meeting, the STD/HIV Program Director provided the board with information on service utilization as well as clarification of the service categories. The board voted to make no changes in prioritization of Core or Support Services. The board did want to stress the importance of Medical Transportation, which is fully funded under Ryan White Part B, due to the lack of adequate public transportation and the large geographic size of the county. The addition of the Early Intervention Services category happened during the July 2015 meeting due to the notification of Ryan White Part A funding so was not part of April 2015 prioritization meeting.

## San Mateo County - Shifting of Resources

With the implementation of the Affordable Care Act, many clients have been able to enroll in Medi-Cal or other payor sources. These other payor sources covered some of the services that were traditionally funded under Ryan White. Due to payor of last resort, fewer clients needed Ryan White to cover these services so San Mateo was able to re-allocate funding to service categories that that were not covered by these other payor sources. This included the addition of the Early Intervention Services category, which allowed the expansion of linkage to care/retention in care services, as well as the increase in allocation to services provided by CBOs in the county.
