San Francisco, CA 94102 (628) 206-7691

ARIES Team Background

- Flor and Maria hold 2 half-day ARIES trainings for new users each month.

- Every ARIES user must attend an ARIES training and pass a test at the end of the training before given access to ARIES

- There are approximately 380 active users in ARIES San Francisco

- We pull your ARIES data to report the annual RSR report that is required by HRSA. This is a detailed and intensive report which the ARIES team works on 2 months each year.

- We have a total of 6 providers that import their ARIES data.

- The ARIES SF Helpline is now available 5 days a week (628)206-7691.

Notes on the Data (1 of 2)

- **Reporting Period**: 3/1/17 to 2/28/18.

- **Funding Source:** All Ryan White Funds and SFDPH HHS General Funds

- **Date of Data**: These reports are based on the data in ARIES as of July 5, 2018 and are not reflective of the entire SF system of care or epidemiological data.

- **Total EMA Unduplicated Client Count (UDC):** N= 7,224 (clients received a service in ARIES under those funding sources)

Notes on the Data (2 of 2)

❖ Data element responses are based upon client self-identification.

❖ "New" in ARIES refers to clients receiving HHS Ryan White/GF services under the new fiscal contract year. These are not necessarily "newly" diagnosed.

❖ "Unknown" is a value selected by the provider, which means there was an attempt to collect the data but the client was unable to provide it. It can also mean that the provider did not ask or select any option and the data element was left blank. Unknown #/%'s will be stated but removed from graphs/pie charts for comparative analysis.

2017-2018 DATA

Ryan White Eligibility Criteria:

- Ryan White services are for people living with HIV/AIDS who are low income and uninsured or underinsured. Ryan White funds are required to be the payer of last resort.

- Income eligibility for HHS funded services is 400% of the Federal Poverty Level (FPL) defined by the federal US Dept. Health and Human Services for a household size of 1: 400% of FPL is $48,560 for 2018. Center of Excellence (CoE) services have a different eligibility income and are prioritized for those with the most severe needs, such as those who have incomes below 150% of FPL, are homeless and have multiple diagnoses, or represent communities traditionally experiencing health disparities.

- Some services are also available to the family members of people living with HIV/AIDS.
