Characteristics of Newly Diagnosed HIV Cases

San Mateo County continues to see the vast majority of newly reported HIV cases in males (92%). In 2018, Latinos comprised the highest percentage of cases based on race/ethnicity followed by Whites and Asians. Latinos saw the biggest increases in 2018 as compared to 2017, increasing by 17% in all cases. The highest transmission risk behavior for 2018 is in MSM (70%). Not specified risk was 18% in 2018 and similar to number in 2017 (19%). IDU risk remains low at 2% in new HIV cases. Heterosexual contact decreased in 2018 (5%) when compared to 2017 (9%).

Key Points for San Mateo County

The San Mateo County STD/HIV Program experienced an increase in Ryan White Part A funding (\$124,711) in fiscal year 2019-2020. We were able to increase funding to 4 service categories, of which 2 are contracts with Community Based Organizations (CBOs). Those service categories are Medical Case Management, Early Intervention Services, Food Bank/Home-Delivered Meals and Emergency Financial Assistance. Since Fiscal Year 2011-2012 through 2019-2020, we have experienced a decrease of 38.2% (\$783,711).

San Mateo County continues to see an increase in new clients seeking Ryan White and HOPWA funded services. During Ryan White Part A fiscal year 2018-2019, 60 new clients accessed services, while 4 clients died.

Due to a majority of clients now having another payor source for covered service categories, San Mateo has re-allocated Ryan White funding to different service categories. With this re-allocation of funding, San Mateo added a new service category in FY 2015-2016; Early Intervention Services (Outreach). This additional category allowed us to expand our Linkage to Care/Retention services beyond the small amount of Minority AIDS Initiative funding we receive from CDPH—OA and expand Linkage to Care/Retention services to all clients.

Client Counts under MAI Outreach and Early Intervention Services Outreach

	MAI	RW Part A
Fiscal Year 18-19	84	25
Partial Fiscal Year 19-20	45	13

San Mateo began receiving CDC HIV Prevention funding, PS 18-1802, through the California Department of Public Health—Office of AIDS as of January 1, 2018. We received \$199,153 for 2019 and will receive the same for 2020. This is a decrease in funding of \$211,753 from when we received Prevention funding through the San Francisco EMA. We were able to apply for, and received, \$208,886 in X08 funding for 2018 and 2019. However, we were not able to apply for X08 funding for 2020 since CDPH-OA is no longer funding Targeted HIV Testing with X08 funding.

San Mateo offers PrEP services at the Edison Clinic. Referrals come from other providers, the HIV Prevention team, STD Clinic and patient self-referrals. Information and protocols for PrEP are available on the website at <http://www.smchealth.org/general-information/pre-exposure-prophylaxis-prep>

¿Cómo obtengo la PrEP?

La profilaxis de preexposición o PrEP (por sus siglas en inglés) esta disponible solamente por receta médica. Visite a su médica, para decidir si la PrEP es una opción para Usted.

¿Cómo pago por la PrEP?

Si Usted tiene aseguranza médica privada, llame a la compañía de su seguro para preguntar sobre cobertura de PrEP. Muchos de los seguros privados cubren la mayoría ó todos los gastos de la PrEP. Si Usted cuenta con Medi-Cal o ACE el costo de PrEP esta completamente cubierto. Llame a su doctor para hacer una cita. Si no tiene un doctor, llame a la clínica Edison del Condado de San Mateo al: (650) 573-2385.

¿Cómo puedo obtener más información sobre la prevención del VIH y las ETS?

La única manera de saber si Usted está infectado con el virus de inmunodeficiencia humana (VIH) es haciéndose un examen. Saber si está infectada con el VIH ayudará a evitar que otras personas se infecten.

Para una prueba confidencial, llame hoy a nuestro equipo móvil y haga una cita para que le proporcionen una prueba del VIH: (650) 619-9125.

Para obtener más información sobre la PrEP, cómo protegerse de las ETS y los servicios de salud del condado de San Mateo, visite:

San Mateo County Prioritization Process

During the April 2019 full board meeting, the STD/HIV Program Director provided the board with information on service utilization as well as clarification of the service categories. The board voted to make no changes in prioritization for both Core Services and Support Services. Medical Transportation is funded under Ryan White Part B at \$25,947.

Core Services	Previous Priority	New Priority	% Part A Allocation	Amount
Outpatient/Ambulatory Health Services	1	1	8.10%	\$102,764
Oral Health Care	2	2	5.92%	\$75,000
Mental Health Services	3	3	6.51%	\$82,507
Medical Case Management	4	4	50.07%	\$634,876
Early Intervention Services	5	5	9.75%	\$123,599
Subtotal			80.35%	\$1,018,746
Support Services				
Housing Services	1	1	1.32%	\$16,688
Medical Transportation	2	2	0.00%	\$0
Food Bank/Home Delivered Meals	3	3	11.03%	\$140,000
Emergency Financial Assistance	4	4	7.30%	\$92,495
Subtotal			19.65%	\$249,183
Total			100.00%	\$1,267,929
