What is HCAP ?

HIV Consumer Advocacy Project

The HIV Consumer Advocacy Project (HCAP) is designed to assist people living with HIV/AIDS who have experienced difficulty accessing services from Ryan White Program-funded agencies located in San Francisco, San Mateo and Marin Counties.

HCAP also helps HIV+ consumers resolve challenges in accessing services from agencies funded by the San Francisco Department of Public Health HIV Health Services.

Issues may involve barriers to enrollment, disputes as to eligibility, termination of services, miscommunication between consumers and staff and/or volunteers of an agency, and issues around cultural sensitivity and language competency.

Eligibility

To be eligible for services from HCAP, a consumer must:

- be diagnosed with HIV/AIDS;
- live in San Francisco, San Mateo, or Marin County; and
- face a dispute with any agency in San Francisco, San Mateo or Marin County that receives Ryan White Program funding or Department of Public Health HIV Health Services funding.

HCAP assists consumers using a variety of strategies—advocacy, mediation, and providing information about or referrals to other available services in the area.
